Diploma Supplement

Hasan Kalyoncu Üniversitesi Havaalanı yolu üzeri 8. hk.  
ŞAHİNBEY / Gaziantep / Türkiye  
www.hku.edu.tr

Diploma No : 13.07.2023  
Diploma Date : 13.07.2023

The purpose of the Diploma Supplement is to provide sufficient independent data to improve the international "transparency" and fair academic and professional recognition of qualifications (diplomas, degrees, certificates, etc.). It is designed to provide a description of the nature, level, context, content and status of the studies that were pursued and successfully completed by the individual named on the original qualification to which this supplement is appended. It is free from any value judgements, equivalence statements or suggestions about recognition. This Diploma Supplement model was developed by European Commission, Council of Europe and UNESCO.

#### 1 - INFORMATION IDENTIFYING THE HOLDER OF THE QUALIFICATION

#### 4 - INFORMATION ON THE PROGRAMME COMPLETED AND THE RESULTS OBTAINED

**4.1. Mode of Study:** Full-time

**4.2. Programme learning outcomes**

**Aims:**  
The main aim of our department is to train researcher and practitioner psychologists who are competent to work at international standards, at home and abroad, who contribute to scientific knowledge at a universal level, who are sensitive to social problems, who think critically, who are open to development and change, and who adopt ethical values.

**Objectives:**  
In line with this purpose, HKU Department of Psychology offers a wide range of course options to its students; It allows them to graduate by taking courses in many different sub-fields of psychology such as clinical psychology, social psychology, industrial and organizational psychology, forensic psychology, neuropsychology, sports psychology, cognitive psychology. Our department also attaches great importance to training research psychologists who have knowledge of scientific research and method, and to develop their students' project and article writing skills in this direction. Our students contribute to scientific knowledge with the projects, articles and papers they prepare together with our academicians before they graduate.

**Key Learning Programme Outcomes:**  
Have the ability to create a scientific research design, collect and interpret data, analyze and interpret results using relevant statistical techniques. As an individual, he/she fulfills his/her duties and responsibilities related to his/her profession by acting in accordance with scientific and ethical principles. Evaluates the researches in the field of psychology from a critical point of view. Has sufficient scientific background about psychology and its sub-fields. Has basic knowledge of different theoretical approaches and perspectives (behavioral, biological, cognitive, evolutionary, humanistic, psychodynamic and sociocultural) related to the science of psychology. Can explain social and social problems with the knowledge obtained from the science of psychology. Aware of the development of psychology from the beginning to the present in our country.

**Graduation Requirements:**  
A student is required to have a minimum CGPA of 2,00 / 4,00 and no failing grades.
